

AP WORLD HISTORY DIRECTIONS FOR SUMMER ASSIGNMENT

1. Visit the course web site at <https://duluthapwh.weebly.com/> There you will find copies of all of the materials and the directions that you will need to follow for this summer assignment. You will also find the Power Points that you need in order to complete the notes section (see handouts). We will only use this site for the summer. Once school begins, you will have access to e-class through the portal.
2. The AP World History course has undergone a major re-design in the past year. There are some topics that no longer studied in depth. I feel strongly, however, that there are a few concepts, events, and processes that you will need to study in order to better understand the history that I will be teaching you over the course of this year. Having said that, you will need to review the following and complete the assignments below:
 - a. **Origin of World Religions:** Complete the Cornell style notes using the Power Point posted on the course web site. Make sure that your notes are clear and that your summaries are written in complete sentences. We have included a guideline for the notes on the first page of the notes for you. Continue that format as you work on the notes packet.
 - b. **Complete the two handouts from the Crash Course series.** Directions are on the handout and electronic copies of the handout are available on the web site.
3. Finally...join Remind by **texting @flanapwh to 81010** and receive updated messages regarding our course. You may also text your teacher if you need assistance. **NO TEXTING AFTER 7 PM OR BEFORE NOON DURING THE SUMMER!** It might take a little time to get a response if your teacher is traveling during the summer. Be patient.

--Gerí Flanary
